SORES AND ULCERS

Six years ago I became afflicted with a severe sore leg which continued to grow worse, gradually, until the entire leg from the knee to the foot was one solid sore, which was very offensive. I spent over \$1,000.00 on two trips to Hot Springs, and various local physicians treated me to no purpose. I had about come to the conclusion to have my leg amputated when a friend induced me to try S. S. S., saying if I would take it constantly for a year and it did not benefit me he would pay for the medicine. I began to take your medicine, and in the short space of seven months it completely cured me. I consider S. S. S. the greatest medicine the world has ever known. My leg is as healthy today as to what S. S. S. will do when taken regularly.

J. B. TALBERT.

A great running sore, or deep offensive ulcer may develop from a slight scratch, bruise or pimple—a harmless looking little boil or slightly swollen gland may soon be an ulcerating mass that will develop into a cancerous ulcer, dangerous and destructive. Middle-aged and old people are the most frequent sufferers from old sores and chronic ulcers, but the young, even children, who have inherited weak constitutions or had them contaminated and tainted by Malaria, or other sickness, are afflicted in the same way. These chronic sores and ulcers are a constant drain on the system, sapping the vitality and strength. They depress the energy with their foul pollution, and are sure signs that the blood is charged with poisonous matters which in its weak, sluggish condition it is unable to throw off. Salves, washes, powders, etc., can never be of any permanent service in the treatment of sores and ulcers, because the trouble is not on the outside, but in the blood, and as long as it circulates through the body in its impoverished and poisoned condition the trouble will grow worse. The need is a remedy that will cleanse the blood of all poisons and impurities, build it up from its weakened state, increase its vigor and strengthen the whole system. S. S. S. does this, and is the only blood purifier that does. Rich blood is carried to the diseased parts, which form new tissues and allows the sore or ulcer to heal. It works with nature because of its vegetable properties, and tones up every organ while effecting the cure. It brings a safe as well as a permanent cure, and is guaranteed entirely vegetable. Send for our special book on Sores and Ulcers, and write for any advice you wish. We make no charge for this.

FULTON NEWS.

The hit of the season in local circles took place Thursday night at the residence of Mr. John H. Boulware on State Street in the shape of a "Fulton Follies" party.

The tacky character presentations were excellent and were greatly enjoyed. Among the most attractive was "Auntie's Housemaid," presented by Mrs. George Baker, "Samantha," of Manchester, en route to the World's Fair, by Mrs. Charles E. McCalley. The character presented by Mrs. George Baker was conceded by all as the best.

She succeeded in holding the rapt attention in suspense and handled the Irish dialect perfectly. The proceeds of the affair, which netted a nice sum, will be added to the Fulton Baptist paragon fund.
